Request for proposals for Household Composters

The Maurice Ile Durable Fund (MIDF) proposes to launch a Household Composting Scheme to encourage composting at the level of the household.

The MIDF invites proposals from suppliers for the supply of low-cost household composters. Local manufacturers and SMEs are invited to design/manufacture/supply the composters. The composters shall be evaluated by MIDF. The Scheme provides for the supplier/manufacturer to sell to households the approved composters. A sensitization campaign on household composting will be launched simultaneously.

Suppliers/Local Manufacturers wishing to participate in the Scheme are invited to enlist themselves with the MIDF. They would have up to 28 September 2012 to submit their proposed composter/s for evaluation. A manufacturer/supplier may offer more than one type of composter.

Applications for enlistment should be submitted on the application form available at the MIDF Office, 6th Floor, Ministry of Environment and Sustainable Development, Ken Lee Tower, Cnr Barracks & Chaussee Streets, Port Louis. The application form may also be downloaded from the MID website at www.mid.mu.
